

Vivien Young

26 October, 1932 – 18 September 2018

Viv died on 18 September from cancer. This was diagnosed earlier in the year and she had been in The Oaks care home since May. She deteriorated rapidly only in the week before her death. Jean and Ian were with her at the end. She will be missed by her family and friends.

You and other family or friends are invited to attend her cremation and the reception afterwards. You are welcome to attend only the reception. Please do not send flowers (Viv hated waste). If you wish, instead please donate £25 to Cancer Research UK and help fight this deadly disease. Go to: <https://vivien-young.muchloved.com>
